Contacting Staff

We understand that making new friends or looking for a partner can be an exciting and also an anxious time.

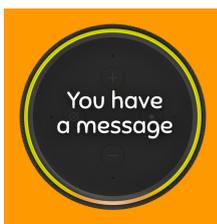

Meet N Match staff work part time and on set days. This means that we cannot always reply to you straight away.

Please know that we will always call text or email you back but it might take a couple of days

When you contact us, please be polite when in person, by phone, text and email.

Please do not contact us many times. Wait for us to get back to you.

You can leave a message or send us a text or email

If you keep sending lots of calls, text or email, you may get a warning.

If you continue to constantly contact us following a warning, we may remove your membership.

An example of consistent contact is making lots of phone calls and texts on the same day or sending emails every day, without waiting for a reply
